## McAfee Certified Professional Services

Receive comprehensive planning, implementation, and support services for all your McAfee products. With NwTech, Inc Professional Services, we'll ensure that your McAfee products are correctly configured, easily scalable, and fully compliant. Our team of McAfee certified specialists implements the best practices vital to any successful security rollout, regardless of size, enabling you to lock in long-term advantages for both your IT environment and your business. All for about half you would pay utilizing McAfee's own Professional Services.

### Remote Consulting

Our Team provides training, configuration, implementation, and troubleshooting assistance. Remote assistance can be billed either hourly, monthly, quarterly or annually for discounted rates.

### Onsite Consulting

We are available to travel anywhere in North America (including Canada) for onsite professional services. We provide special discounts for onsite visits in San Diego, Orange, Riverside, and Los Angeles counties.

### Managed Solutions

For customers looking to outsource the daily management McAfee Solutions including McAfee ePO, McAfee Endpoint, McAfee Email/Web Gateways, McAfee Firewall, SIEM (Nitro Security), and more. We provide low cost agreements for 3, 6 and 12 month periods. In addition NwTech, Inc is the only McAfee partner in North America, certified to support all MSP solutions, including Endpoint, Network Security, Risk & Compliance, and SAAS.

### Training

NwTech provides nationwide training with the choice of one on one training or groups McAfee Solutions including McAfee ePO, McAfee Endpoint, McAfee Email/Web Gateways, McAfee Firewall, SIEM (Nitro Security), and more.
